This screenshot shows the Moodle interface for 'Podcast 101' with the 'Turn editing on' button now set to 'Turn editing off'. The 'Weekly outline' section is expanded, and the 'Add an activity...' dropdown menu is open, showing various activity options. A yellow callout bubble points to the 'Podcasting is an activity' text, and another callout bubble points to the 'Wimba Voice Tool' option in the dropdown menu.

Setting up a Wimba Postcast in Moodle

This screenshot shows the Moodle interface for 'Podcast 101' in the 'Cuddle' course. The user is logged in as Andy Syson. The 'Weekly outline' section is in edit mode, indicated by the 'Turn editing off' button in the top right. A yellow callout bubble points to this button with the text 'Turn editing off'. The outline lists several weekly periods, each with 'Add a resource...' and 'Add an activity...' dropdown menus. The left sidebar contains navigation links for People, Activities, Search Forums, Administration, and My courses. The right sidebar shows 'Latest News', 'Upcoming Events', 'Recent Activity', and 'Blocks'.

This screenshot shows the same Moodle page after editing. The 'Turn editing on' button is now visible in the top right. A yellow callout bubble points to a new link 'Podcaster - podcast test' in the 'Weekly outline' section, with the text 'A new podcast link'. The 'News forum' link is also visible above it. The weekly outline now includes a new week: '30 November - 6 December'. The rest of the interface remains the same as in the previous screenshot.
